The exterior of your villa is serviced every month. The interior of your villa is serviced every other month on the first Wednesday. If Wednesday falls on the 1st of the month, your service day will be the second Wednesday.

If you see live bugs and feel you need a re-spray, please contact IMC Resort Services. Please be advised that if your villa was unable to be serviced on the scheduled day due to a non-working key, unattended dog, or resident refusal, you may be charged a service fee for a re-spray.

If you rent your villa, please post this pest control schedule inside your villa to inform your tenants or guests that a serviceman will be visiting your villa on the specific days indicated on the chart above.
